MAY, VOLUME 3, NO. 3

Bulletin Board

- **GOOD LUCK WITH FINALS** next week!
- Have a safe summer!
- If you are interested in helping out with summer orientations this summer please email unionshr@email.arizona.edu.
- School begins August 25th!!!
- If you are interested in joining SHR or working on a subcommittee please send an email at unionshr@email.arizona.edu

New Time Clocks

Beginning on Monday, May 5, 2008, the Student Union will have a new time clock system! This will affect all student employees who use their 50/50 card or name badge to clock in and out of their shifts.

You will now be using your CatCard to officially clock in and out (although your 50/50 meal plan will remain connected to your employee name badge). However, in order to ease the transition, we have to record your hours on both time clock systems for a while – this will help us make sure that the new time clocks are working correctly, and that everybody is getting paid.

There will be a new time clock close to the old time clock that you usually use. When you clock in or out, please use your Employee Name Badge to swipe at the old time clock, and then also swipe your CatCard at the new time clock. Make sure you are punching in and out of both clocks every time, until the old clock is removed.

There will be training classes held on May 1st and 2nd in the Gallagher Theatre, and times will be posted at the clock.

There will be a special procedure for students who work in multiple areas of the Union (for example, if you work at Café Sonora most of the time, but you also work a few hours a week in the Production Kitchen). Be sure to check with your supervisors or the Payroll Office for further instructions.

If you lost your CatCard, you can get a new one at the CatCard office (for a replacement fee of \$25). If you currently don't punch in at a time clock, see your supervisor for instructions. Any questions? See your supervisors, or come up to the Payroll Office on the 4th floor! Thanks for your help!

Questions. Concerns. Ideas. Suggestions.

Cash Registers

The Student Union will be upgrading all its cash registers for the fall semester. The old DOS-based PCX machines will be replaced with new PC-based ones, many of which will be touch screen and much easier for cashiers to learn and operate. The switchover will happen this summer, and the new system should be in place by August.

If you work as a student cashier in Dining Services or Retail, be prepared for new security measures when the registers are introduced next fall. The new system will be able to log cash register activity more efficiently, and individual cashiers may be required to sign in to their banks with a card or code before helping customers. More details will be revealed before fall semester.

PIP Program Recognition

- Jessica Stoelting

The Professional Internship Program at the Student Unions has won a national award. The Association for College Unions International (ACUI) awarded the PIP program for "The Excellence in Student Training Program Award". Thank you to everyone who made the program great, and let's keep up the good work! If you would like to know more about the PIP program, please visit http://www.union.arizona.edu/about/student_hr/pip.php for more info.

Student Employee Profile

Nick Bischof

-Jessica Stoelting

Nick Bischof currently works for the Student Union Marketing Department as a student web developer. He is a sophomore, but this is his first year at the U of A. He transferred from his hometown of Glendale, Arizona where he went to Glendale Community College for one year. He is currently majoring in computer science and loves computers! He hopes to gain more leadership skills by working for the Union, and has future plans to go to graduate school. He's still not sure yet about what career he wants, but knows it will involve computers.
